This program is on a first come first serve basis. To reserve your spot, please fill in the Kindercare registration form and provide the school with a post dated cheque for \$320

"Loving and caring for your children in a faith and joy filled environment."

What is Kindercare?

It is a user pay program that allows kindergarten students to attend school on a daily basis.

When do the children attend? Students attend school opposite to their assigned kindergarten days during regular school hours.

* Allowing students to receive full time programming. It is split between the Kindergarten classroom with the classroom teacher and Kindercare supervised by support staff.

* Working parents no longer need to worry about child care on their child's non-kindergarten days.

* Provides a small group environment (8-10 children) built on the foundation of the kindergarten program, but in a more relaxed and play based setting.
